

**University of Minnesota Duluth - Recreational Sports Outdoor Program**

# **A Foray Into Quinzees**

**TUESDAY FEBRUARY 2, 2010 5-7PM**

Learn the proper technique to building shelters and be prepared to fight the cold temperatures this winter inside a cozy snow shelter. Inside a quinzhee shelter can be above freezing when the outside temps are below zero!

## **HERE'S WHAT TO EXPECT:**

Here's your chance to be master of the house! Come and learn how to build a snow shelter that is constructed in a safe manner and is suitable enough to sleep in and keep you warm in winter. Learn about various types of snow shelters, their pros and cons, and try building your own Quinzhee.

## **WHERE:**

UMD Bagley Nature Area Rock Pond

## **WHAT TO BRING:**

- Warm clothing

## **WHAT THE OUTDOOR PROGRAM PROVIDES:**

- Instruction
- Shovels
