

# Walking With Your Hand

Thursday January 28, 2010 7-9pm

Do you ever find yourself walking in the woods with a walking stick found along the way? Do you wish that it wasn't just a plain old stick? Now is your chance to make your very own Diamond Willow walking stick.

## HERE'S WHAT TO EXPECT:

In this workshop you will learn how to find a "diamond" willow tree (actually a common willow that has a deformity). Then everyone will learn how to hand carve the diamonds and create a walking stick.

Everyone goes home with their own walking stick!

## WHERE:

We will meet in Sports and Health Center Room 9

## WHAT TO BRING:
