

University of Minnesota Duluth - Recreational Sports Outdoor Program

WINTER ECOLOGY

Monday February 15, 2010 4-6pm

Come and discover a true winter wonderland right in your backyard!

HERE'S WHAT TO EXPECT:

Expand your awareness of what is occurring in winter. Discover a new view of our winter world in the northland. Winter tree identification, animal sign discovery, and snowpack formation will be just a few topics in our quest for knowledge.

WHERE:

UMD Bagley Nature Area Rock Pond

WHAT TO BRING:

- Warm Clothing
- Flashlight or Head Lamp

THE OUTDOOR PROGRAM PROVIDES:

- Instruction

COST:

\$3 UMD Students/ \$5 Others

REGISTER BY:

Noon, February 12

GOALS:

- Learn about the wonders of winter: tree identification, animal signs, and snowpack formation
- Discover what Bagley Nature Area holds in the winter
- Have fun exploring!

EXPLORE MORE WITH THE UMD OUTDOOR PROGRAM:

- Dogsledding, Feb. 27 from 12-5pm
