

Directions to Island Lake Snowkiting Launch Site

Take Arrowhead Road to Rice Lake Road (Holiday station at stoplight) and go North about 15 miles. Park on the causeway past the "No Parking" signs. Because of the power lines, the kite launch site will always be established on the downwind side of the causeway. To avoid traffic problems park on the launch site shoulder of the road. The UMD launch site will be marked with a red and white VIO flag. Kiters must yield to snowmobiles traveling on the established trail.
